	56524
	55589
	55488
	56133

**IMPORTANT NOTE!**  
Note the specifications of the vehicle manufacturer!

Image 1: Detailed view of pulley in its previous design (left) and new design (right)

From now on, RUVILLE will offer versions with a modified pulley for the listed tensioning arms.

The differences are, as are shown in Image 1, the coating (previously black, now metal) and the connection between both race halves (previously riveted, now tox clinched).

During the transition period, we may have mixed stocks of both designs. Both versions meet the technical specifications and can be used without restrictions on the vehicles specified in the catalogue.

**INFORMATION**  
The corresponding spare parts can be found in our online catalogue at [www.ruville.de](http://www.ruville.de)
